

HEALING HOUSING IS A NONPROFIT RESIDENTIAL PROGRAM

At Healing Housing, every number tells a story—of courage, of second chances and of women choosing to begin again. Because of your support, women are not only finding sobriety, but also a home, healing and hope.

OUR MISSION

To love and shelter women recovering from addiction. We provide a stable home and comprehensive services, rooted in love, acceptance and the power of community.

OUR VISION

A future where every woman has access to safe housing and comprehensive support to heal from addiction.

A PLACE TO CALL HOME

Here, healing begins with something simple but powerful: A safe place to land. A bed. A community. A fresh start.
